PREFACE

The GRPA State Athletic Committee is charged with the responsibility of the organization, conduct, supervision, and evaluation of an athletic program for Georgia residents on a statewide basis for its members and affiliated groups. Authority for the committee is found in the CONSTITUTION AND BY- LAWS of the GEORGIA RECREATION AND PARK ASSOCIATION, INCORPORATED.

The State Athletic Committee, mindful of its function and the authority vested in it by the members of the Georgia Recreation & Park Association, has set forth rules and regulations of which the objects and purposes are as follows:

1. To unite one organization in all competitive athletics conducted by agency members of GRPA;
2. To promote and maintain high standards of athletic competition and sportsmanship in Georgia;
3. To promote and provide the best training and guidance for athletic coaches and game officials;
4. To promote recognition of recreation sports for Georgia residents;
5. To improve and expand athletic participation;
6. To provide athletic and professional fellowship;
7. To assist in any practical way, the improvement of athletic competition throughout Georgia and to promote and regulate state championships where desirable and practical; and
8. To function in such a manner as will further the interests of athletic competition in Georgia and to promote the Georgia Recreation and Parks Association, Inc.

THE ATHLETIC MANUAL is the official publication of the GRPA State Athletic Committee with its intent and purpose being to provide rules and guidelines for athletic programs throughout the State of Georgia.

Reference is to types of activities, specific rules and qualifications for participants. The Athletic Manual is revised periodically, as the State Athletic Committee deems necessary. Manuals are to be made available at nominal costs to individuals and without charge to GRPA agency members, GRPA district commissioners, State Athletic Committee members and such organizations deemed appropriate by the committee chairperson.

The State Athletic Committee will serve as final authority on the interpretation of the rules and regulations established in this Athletic Manual of the Georgia Recreation and Park Association, Inc. The Athletic Manual is reviewed yearly with Rule Change requests received and voted upon every two years. Rules changes are voted on by simple majority for those rules that were submitted on time and distributed for review prior to the meeting. For any rule change that is made from the floor or requested by agency members on the date of the meeting must be approved by 2/3 of the members present for the rule to be adopted. Any rule changes made during non-rule change submittals will follow Robert's Rule of Order, as amended. For any matter to be reconsidered it must be motioned and seconded by the prevailing party and passed by 2/3 of members present.

After motion is back on the floor it will follow Robert's Rules of Order as amended and be subject to a simple majority vote. Rule changes that are made by National Governing Bodies that affect GRPA Athletic Manual will be voted on by the Committee during non- rule change year by simple majority.

State Host Bids received by the date required will be distributed to all members prior to the meeting to discuss with their respective districts. Bids may only be taken from the floor if there are no bids submitted by the due date or if sole bidder withdraws their name. State host bids will be determined by a simple majority vote.

ADMINISTRATIVE GUIDELINES, POLICIES, AND PROCEDURES OF GRPA ATHLETICS

It is imperative that each agency, team, or personnel having responsibility for teams and/or individuals entering GRPA competition be familiar with the following guidelines, policies, and procedures of the GRPA State Athletic Committee. All of the items to follow are either required or highly recommended to be followed. When an item is “Highly Recommended” or “Recommended,” the State Committee asks for everyone’s cooperation in following such recommendations.

A child must attain the age of 6 for District and State Competition in any event or sport of GRPA based upon the age control date for that event or sport. All age control dates are either on/before the date listed unless otherwise noted. Age divisions are listed in sections for specific events.

1. Entries

- a. An agency may enter as many teams as it wishes in all divisions, provided the District does not establish an entry limit.
- b. A District not conducting a district-level tournament or playoff may allow team/s to represent their district per GRPA regulations as stated in Rule 1, Article IV, Section C.
- c. Entry withdrawals must be made prior to the deadline established by the state athletic committee at that sport’s entry meeting.
- d. Those Districts entering GRPA state level of competition and who do not fulfill their commitment to send a team or teams to the State Tournament will be responsible for entry fees, forfeits, and fines. Districts/agencies will also have to pay all costs for trophies if the withdrawal causes the cancellation of the tournament/event

2. Participants and Participation

- a. A participant is allowed to compete in one age division only in the same sport/event. Youth participants may compete in an older youth age group provided they remain in the same older group for all games AND through all levels of competition. In tennis, adults are allowed to compete in a younger adult division under the same specifications of participation.
- b. A participant may compete in district and state competition, provided he/she is not in violation of any rules or regulations in this manual.
- c. There is no mandatory participation requirement in any GRPA sport.
- d. Only persons whose names are approved on their agency's GRPA Official Roster, who meet all eligibility requirements, and who are representing an agency not on current suspension for that sport in question may compete in GRPA events. Youth participants can only be submitted on one GRPA Roster per sport/event.
- e. The use of ineligible players, in accordance with the rules in this Manual, shall result in immediate forfeiture from an event. Burden of proof rests with the protesting agency's representative person. Any agency caught playing an illegal player will be suspended for one competition year in that sport.

3. Hardship Committee Guidelines

- a. The committee will consist of eight members. The committee will consist of a chairperson appointed by the State Athletic Chair, District Athletic Chairs from D2, D4, and D6 (even years), and district chair-elects from D1, D3, D5, and D7. The district chairs and chair-elects' composure will rotate from year to year. The initial committee composition in 2013 was (4) district chairs from D1, D3, D5 and D7 and (3) district chair-elects from D2, D4, and D6.
- b. The committee shall meet on an as needed basis. The committee will meet on the same day prior to the State Athletic Committee entry meeting.
- c. Request to Hardship Committee shall be to set aside a rule or rules in the manual for the benefit of individuals or agencies. **The Agency's request must be submitted to the State Athletic Chair in writing one week prior to the scheduled SAC entries meeting.** The agency requesting consideration **MUST** be represented by a full-time employee, which must also be a GRPA member, at the Hardship meeting. The agency's request will not be heard if said representation is not present. Documentation is requested to support agencies' requests. If a **full-time employee** cannot attend due to extreme circumstances, the district athletic representative will be allowed to represent the agency.
- d. The chairperson of the Hardship Committee will vote only in the event of a tie.
- e. All classification appeals must go to the Hardship Committee by the due date (**at least 30 days prior to state athletic meeting**) with district recommendations. The Hardship Committee will present to the full Athletic Committee for final approval by two-thirds vote.
- f. Decisions of the Hardship Committee must be approved by majority to take to the State Athletic Committee for final approval. Decisions made by the Hardship Committee, also called the Full Committee, shall not be considered as setting a precedent for any

other request. Each request will stand on its own merit. The approval of the full athletic committee must be a simple **majority**.

- g. Every request to the Athletic Committee shall be considered.
 - h. Age Control Dates are not an item considered for Hardship or Appeals.
 - i. Child hardships, once granted, stay with agency/child through uninterrupted playing career with agency.

4. Creation of an Appeals Committee – This committee would be established to work in conjunction with the Hardship Committee. The Chairperson of the Suspension Sub-Committee would be the Chair. Members of the Appeal Review Committee would consist of the Suspension Chair and At Large Members of the SAC.
5. The purpose of this committee would be to review all appeals of decisions rendered by the SAC as requested. They would also assist in reviewing the incident and tournament reports along with Protest Reports to determine if any further action/s should be recommended to the Full SAC.
- a. After hearing the appeal, the Appeal Committee would make a recommendation to uphold the penalties established by the SAC or dismiss the case upon reviewing all reports and hearing from parties involved.
 - b. Parties that disagree with the Appeal Committee decision may appeal to the Full SAC. Their decision would be final.
 - c. Parties that wish to appeal the SAC original decision will have to submit the agency/ individual request to the State Athletic Chair in writing one week prior to the scheduled SAC entries meeting. The agency requesting consideration **MUST** be represented by a full-time employee, which must also be a GRPA member, at the Appeal review proceedings. The agency's request will not be heard if said representation is not present. Documentation is requested to support agencies' requests. If a **full-time employee/ Individual** cannot attend due to extreme circumstances, the district athletic representative will be allowed to represent the agency or submit written information regarding the request.
 - d. The Chair of the Committee (current Suspension Sub-committee Chair) will vote in case of a tie.

Collection of Forfeit Fees and Fines:

The GRPA State Athletic Committee, at its September 6-7, 2023 Rule Change Meetings, adopted the following process to collect forfeit fees, fines and other monetary charges to begin in January 2024. Please share this process with your district. Please review the following six (6) steps and if you have any questions, please contact the State Athletic Chairperson.

1. Any forfeit fees, fines, ejection fines, etc. will be sent from the State Athletic Chairman to the GRPA office.
2. The GRPA office will invoice each District that has a fine.
3. Each District will be responsible for sending payment for the amount of the fines for their district to the GRPA office.
(At this point: GRPA has collected the fines and fees from each District).
4. Each District will then have the responsibility of collecting those fees from the member agencies within their own district to reimburse what has been paid out of the District treasury to cover those fines & fees.
5. Each District will also have the responsibility to collect the entry fees from forfeiting agencies and sending the
6. host their portion of the fees. The District would keep their portion of the forfeit fees which were paid out to the GRPA State Office *(from Step 3)*
7. If a District entering a team at the GRPA level withdraws from an event and their withdrawal causes the state tournament to be cancelled for a lack of participation: the cost of awards would also be invoiced to the District. The District, at this point, would collect those fees from the withdrawing agency.

Such requests for entry are to be made to the respective District Commissioner or the designated person and must be approved by the Board of Trustees). New agencies can participate provided they are approved prior to the appropriate district athletic draw.

ARTICLE VI - SPORTSMANSHIP AND BEHAVIOR POLICY***The Fundamentals of Good Sportsmanship***

GRPA will be emphasizing the importance of **GOOD SPORTSMANSHIP**. The one thing we need to realize is that many people have not had **GOOD SPORTSMANSHIP** explained to them. It is earnestly hoped that the following will help everyone to understand their responsibilities at an athletic contest.

1. GAIN AN UNDERSTANDING AND APPRECIATION FOR THE RULES OF THE GAME CONTEST/EVENT.
2. EXERCISE REPRESENTATIVE BEHAVIOR AT ALL TIMES.
3. RECOGNIZE AND APPRECIATE SKILLS PERFORMANCES OF ALL ATHLETES AND/OR COMMUNITIES REGARDLESS OF AFFILIATION.
4. EXHIBIT RESPECT FOR THE OFFICIALS.
5. OPENLY DISPLAY RESPECT FOR THE OPPONENT AT ALL TIMES.
6. DISPLAY PRIDE IN YOUR ACTIONS AT EVERY OPPORTUNITY.

To reinforce this philosophy, the following statement must be read before all contests at GRPA district and state level competitions:

GRPA SPORTSMANSHIP STATEMENT

“The Georgia Recreation and Park Association and its member agencies have made a commitment to promote good sportsmanship by athletes, coaches, and spectators at all GRPA sanctioned events. Profanity, degrading remarks, and intimidating actions directed at officials or competitors will not be tolerated, and are grounds for removal from the event site. Spectators are not allowed to enter the competition area during warm-ups or while the contest is being conducted. Thank you for your cooperation in the promotion of good sportsmanship at today’s event.”

Guidelines for Behavior**or “What Your Fellow Players Expect of YOU!”**

1. Exemplify the highest moral character, behavior and leadership, adhering to strong standards of ethics and integrity.

19. Refrain from the use of any controlled substances (alcohol, drugs, etc.) before and during games and afterwards on or near the site of the event (i.e., tailgating).
20. In all you do, promote ideals and fundamentals of good sportsmanship.

RULE III – ATHLETIC CLASSIFICATION

ARTICLE I – PURPOSE

In order to expand recreation athletic competition within the Georgia Recreation & Park Association, Inc., and to encourage new and smaller agencies to participate, the GRPA agency membership approved, in 1972, a system by which recreation agencies that participate in the GRPA athletic programs are classified for youth team events.

ARTICLE II – LIMITATIONS

Classification is limited to all youth team events: 8 & Under, 10 & Under, 12 & Under, 14 & Under, and 17 & Under divisions in all sports shall be classified **except as mentioned in each sport section**.

Individual and dual events such as track and field and swimming shall have two classifications. “A” will consist of all class “A” agencies and “B/C” shall consist of all others. There will be no classification for soccer, tennis, golf, or diving. Adult team sports shall not be subject to classification.

ARTICLE III – METHOD OF CLASSIFICATION

SECTION A – NUMBER OF CLASSIFICATIONS

There shall be three classifications designated as Class “A”, “B”, and “C.” Some sports may combine classes to provide opportunities for play. Some sports (soccer, basketball, etc.) may have more or less classes. Check sport sections for further information

SECTION B – DETERMINATION OF CLASSIFICATION

The classification of any agency shall be determined by the figures of youth populations from the latest United States Bureau of the Census tabulation and shall be reviewed, usually every five years, upon availability of updated figures.

SECTION C – STANDARDS FOR CLASSIFICATION

Classification shall be based on the following:

1. Class A – Agencies in counties of 15,000 youth population or more (17 and under).
2. Class B – Agencies in counties of less than 15,000 youth and more than 5,000 (17 and under).
3. Class C – Agencies in counties of 5,000 or less youth population (17 and under).
4. All state, federal, private, military, or other related organizations participating are subject to youth population criteria to meet classification guidelines for 17 and under.

ARTICLE IV – APPEALS

SECTION A – CLASSIFICATION APPEAL

1. All agencies will remain in their class per standards (listed in manual) unless appeal is made to the State Athletic Committee. Appeal is allowed by agency or district and must be submitted to Hardship at least two weeks prior to the October State Athletic Committee meeting.
2. Appeals may be made according to the following rules:
 - a. All classification appeals must go to the State Hardship Committee with District recommendation. The State Hardship Committee will present to the Athletic Committee where a 2/3 vote for approval is required.
 - b. If an agency wants to drop one class, they must be approved by a majority vote of the district

and state athletic committee.

- c. Any agency wanting to move up a classification must be approved by majority vote of the district and the State Athletic Committee.
- d. Decisions made in October may be appealed at the Presidents Assembly. These appeals must be passed by a 2/3 vote of the State Athletic Committee.
- e. Agencies who wish to change classification for specific individual sports (swimming and track and field) may appeal in writing to the State Athletic Committee Chairman by September 1. The district’s recommendation must also be included in the appeal. The decision will be made at the October meeting, and if denied, can be appealed at the Presidents Assembly.
- f. Agency requesting classification changes, if approved, will remain in said classification until such time that the Agency or District requests their classification status change. Any request for classification change should be submitted to the SAC Chair and to the Hardship Committee with District recommendation for consideration. In those instances, the September deadline will still apply. If no change in classification is requested, they will stay in approved classification until the district or agency requests said change.
- g. Counties with more than one functioning department may be placed in a lower classification only through the appeal process.
- h. Any agency that does not operate and maintain their youth teams/leagues cannot appeal to a lower classification.

 - d. In the instance of amputation, at minimum total removal of the first ray of one foot;
 - e. In the instance of a leg length discrepancy, a minimum of a 6 cm difference in leg length as measured from the greater trochanter to the ground, as is verified by standing X-ray.
 - f. Findings such as soft tissue contracture, edema or disuse atrophy, or symptoms such as pain or numbness without other objective findings shall not be considered a permanent lower extremity disability. Degrees of pain and/or numbness are not considered measurable and permanent disabilities within the meaning.
 - g. An otherwise able-bodied player with a temporary disability is not considered eligible.
2. For all team sports allow within district lines for individuals to compete in the nearest or adjoin departments with the following restrictions:
 - a. Home County or Agency has no program.
 - b. Cannot cross district lines.
 - c. Cannot pass over a program to participate in another agency.
 - d. Must participate in the sport program in the host agency.
 - e. Host agency must endorse participant.
 - f. Participant must be approved by District Athletic Chair. Once approved, they are legal throughout District and State.
 - g. Host agency must notify the District Athletic Chair with list and Home County of each crossover participant. The district must forward info to the State Host and Athletic Chair
3. There shall be three classifications in youth competition: A, B, C.

4. Any player or coach ejected from a game for unsportsmanlike conduct will be suspended for one game, in addition to the game from which ejected; or, in the case of an individual event within a meet or match, for the duration of that event.

ARTICLE II – REGULATIONS

SECTION A – GOVERNING RULES

1. Games in basketball at all levels of play are governed by the current rules and regulations of the National Wheelchair Basketball Association and American Association of Adapted Sports Official Rule Books with the exceptions as may be found in this manual.
2. Use of audio or visual recording devices, including a cell phone, is not permitted in changing areas, rest rooms, or locker rooms. The use of audio or visual recording devices is not allowed in resolution of protested matters.

SECTION B – LENGTH OF GAMES

1. For a successful three-point field goal, the large wheels of the chair in contact with the floor must be behind the three-point line when the player releases his/her try for a three-point goal; however, the front casters may be over the line. There is no relation to the plane regarding the position of the shooter.
2. The playing time for youth games are as follows:
 - a. Each game will consist of six, eight-minute periods, three in the first half and three in the second half with a 10-minute half-time break and two minutes in between each period.
 - b. The clock will stop for time outs, injuries, official time outs, and for free throws.
 - c. Possession: After the jump ball to start the game, all possessions alternate after subsequent jump ball situations until the end of regulation. If necessary, a jump ball will start the overtime period. There will be no shot clock.
 - d. Overtime:
 - i. If regulation play ends in a tie, one five-minute overtime period will be played. If the score remains tied after this overtime period is played, a five minute sudden death overtime period will be played. If neither teams scores in this sudden death overtime period, the game will be resolved through free throws. Each team will select one player to shoot their free throws. These two players will shoot free throws from wherever they have been shooting free throws during the game. The second shooter will always get the opportunity to tie if the first shooter scores. Once one player scores and the other misses, the game is over. If, after five attempts by each player no one has scored, both players will be allowed to move closer (by half the distance) to the basketball goal. If neither player makes a shot from this distance after five attempts each, they may move up to the lay-up distance. The players will shoot from this distance until one scores to end the game.
 - ii. The designated sudden death free thrower cannot have fouled out of either the regulation or overtime game(s).
 - iii. Whichever team has possession as indicated by the alternating possession arrow will be given the option to shoot first or to defer to shoot second.
 - e. Time Outs: Each team is allowed four time-outs per game for 60 seconds each. There will be only one time-out allotted for each overtime period. There will be no time outs allotted in sudden death.

3. The playing time for adult coed games are as follows:
 - a. The game shall consist of four- ten minute quarters.
 - b. The halftime intermission shall be ten minutes.
 - c. Overtime periods shall be five minutes in length.
 - d. The intermission between quarters shall be one minute.
 - e. Time outs: All teams will receive two- 30 second time outs and three 75 second time outs. Four time outs will carry over to the second half. In an extra period, each team will receive one additional 30 second time out in addition to any unused time outs from the regulation period.
 - f. Permit a head coach to request and be granted a time out when a player of that team has control of the ball in the last two minutes of the game and the last two minutes of each overtime period

SECTION C – SPECIAL PROVISIONS

There is no mandatory participation requirement for any GRPA sport.

1. To execute a dribble, a player may:
 - a. Wheel the chair by two pushes on the wheels (one hand or two hands in either direction) of the chair followed by one or more dribbles of the ball to the floor, after which he/she may start pushing again.
 - b. The player may not push more than twice, in succession, with one hand or two hands in either direction. Taking more than two pushes in succession constitutes a traveling violation and the ball is awarded to the opposing team out of bounds.
2. The large wheels of the chair must be behind and not over the free throw line. The point of contact for the large wheels of the chair with the floor must be behind the free throw line, however, the front casters may be on or over the line. The large wheels of the chair must be behind the three-point line. The front casters of the chair may be on or over the line.
 - a. The location of a player is determined by where any part of the chair is touching the floor as far as being in bounds or out of bounds or being in the front court or back court.
3. Pivot- It is legal to pivot as in regular basketball. A pivot takes place when a player, who is holding the ball, turns the chair in a given place without specific direction. This may be done:
 - a. By a player who is in motion breaking one of the wheels without forward or backward direction to the wheels. This is not a push and therefore could occur after the player with the ball has pushed two times.
 - b. By a player who has not yet utilized two pushes, pushing with both hands simultaneously in opposite directions, constituting one of the two pushes to which he/she is entitled before passing, shooting, or dribbling.
 - c. By a player with the ball pushing twice with one hand or two hands, constituting both pushes to which he/she is entitled before passing, dribbling, or shooting the ball.
 - d. A pivot can occur with or without deliberate action by the player on the wheels (pushes). When the player with the ball does exercise deliberate action on the wheels (pushes) in pivoting, these are counted against the two pushes to which he/she is entitled and limited without passing, dribbling, or shooting the ball.

4. Live/Dead Ball – For any jump ball, each jumper shall be firmly seated in the chair and shall have all wheels on or inside that half of the restraining circle that is farther from his/her own basket. An official shall toss the ball upwards between the jumpers in a plane at right angles to the sidelines, to a height greater than either of them can reach and so that it will drop between them. One or both jumpers may tap the ball after it reaches its highest point. If it touches the floor or lands on either jumper without being tapped by at least one of the jumpers, the official shall toss the ball again. Any ball that becomes lodged or located under a wheelchair, play shall be immediately stopped, and a jump ball shall be awarded according to the alternating possession arrow.
5. Out-of-Bounds and Throw-Ins
 - a. A player is out of bounds when any part of his/her body or wheelchair touches the floor or any object on or outside of a boundary.
 - b. Throw in. This rule is intended to eliminate dead ball fouls in the free throw lane prior to a throw in. Before placing the ball at the disposal of the thrower in (in his/her front court), officials should ensure that no teammates of the inbound team is located within the free throw lane. The ball is “placed at the disposal of the thrower in” when the official starts the act of offering the ball to the thrower in (or when the official places the ball on the floor if no player of the team is entitled to the throw in is present). Thus, it is not necessary for the thrower in to touch the ball for a lane violation to be assessed.
6. Violations
 - a. No player of the team with a throw-in in the front court shall enter the free throw lane until the throw in starts. Before placing the ball at the disposal of the in-bounder, officials should check the lane for offensive players. If an offensive player is in the lane, ask the player to leave the lane area, prior to giving the ball to the in-bounder.
 - b. A player shall not remain in an opponent’s three-second lane for more than three consecutive seconds while the ball is in control of that player’s team in the front court and the game clock is running. Allowances shall be made for a player who:
 - i. Attempts to leave the three-second lane.
 - ii. Is in the three-second lane when he/she or a teammate is in the act of shooting and the ball is leaving or has just left a player’s hand on the shot for a goal.
 - iii. Dribbles in the three-second lane to shoot for a goal after having been there for less than three seconds. However, a player who passes the ball instead of trying for the goal and is in the lane longer than three seconds shall be called for a three-second violation.
 - iv. Interlocks the wheelchair with an opponent.
 - v. Once the offensive player is moving to leave the lane, they are not allowed to engage in any form of participation in the offensive play.
 - vi. A player establishes his/her self-outside the three-second lane by placing all wheels of his/her wheelchair and any anti-tip casters, which continuously come into contact with the floor outside of the three-second lane.
7. Note: The three-second rule does not apply when the ball is dead or in flight on a try because the team is not in control but does apply during an interrupted dribble.
8. Tilting chair. A team loses possession when a player leans in the chair to the extent that the chair tilts and any part of the chair other than the wheels touches the floor while gaining, maintaining, shooting, or retrieving the ball. The ball is then awarded to the opponent at the out-of-bounds spot nearest the

violation and a tipping violation shall be called.

- a. Players falling out of the chair. A player may not leave or fall out of the chair to gain or maintain possession of the ball or gain any other advantage.
- b. If a player unintentionally falls out of their chair and is in direct line of play, the official shall immediately call time. The ball is awarded out-of-bounds to the team in possession at the nearest point of infraction. If no possession is maintained when a play is stopped, the officials will award the ball to the team according to the alternating possession arrow.
- c. If a player unintentionally falls out of their chair and is not in direct line of play, while a potential scoring play is in progress, time will be called (only if the fallen player is injured).
- d. A team loses possession if, in the judgement of the officials, a player falls out of his/her wheelchair to gain or maintain possession of the ball. If a player deliberately falls or crawls into the line of the play, it is a Class A technical foul.
- e. If a player intentionally falls out of the chair to stop a play against the opposing team, this is a Class A technical foul.
 - i. When an offensive player has control of the ball and taps, directs, or throws the ball off the defensive person or wheelchair with the intent to gain an advantage, it is a violation on the offense. The ball will be give out-of-bound at the closest point of violation to the defensive team.

9. Fouls and Penalties.

- a. Personal Foul – A player shall not contact an opponent or an opponent’s wheelchair with his/her hand unless such contact is only with the opponent’s hand while it is on the ball and is incidental to an attempt to play the ball. The wheelchair is considered a part of the player. The nature of the game, negligible contact is to the discretion of the officials. Intentional contact caused by a player to affect the progress or position of another player is a form of blocking, charging, holding, or pushing. Contact caused by the momentum of a chair by a player who had made no visible effort to stop his/her chair while moving in for a goal is a charge. It is a Class B technical foul for intentionally grabbing an opponent’s wheelchair to gain an advantage.
- b. Physical Advantage Foul (PAF) – All players must always remain firmly seated in the wheelchair, not using a functional leg or stump for physical advantage over an opponent (e.g. raising out of his/her chair or using the heel on the floor to maneuver the chair or leaning forward on the footrest to guard a player). A defensive player guarding an offensive player may not gain an advantage by leaning so far forward that his/her footrest touch the floor.
 - i. Any infraction of this constitutes a physical advantage foul (PAF). The offended team is awarded two free throws and is awarded the ball out-of-bounds at either end of the division line.
 1. The scorer will be officially responsible for recording these infractions with a “PAF” in the foul column.
 2. Three PAFs constitute an automatic dismissal from the game.
 3. PAFs will be counted towards the total number of personal and team fouls.

10. Players Leaving the Court. Players who intentionally leave the playing court to gain an advantage shall be given a Class B technical foul for each infraction. An example of this, is when a defensive player who is back picked and pinned on the sideline by an offensive player, leaves the playing court along the sideline to get away from the offensive player. Another example is the offensive player who cuts

the baseline in the front court and the defensive player in good chair position does not allow the offensive player to cut into the lane area, the offensive player then leaves the playing court underneath the basket and moves to the other side of the court to gain the offensive advantage.

- a. During the game, a player's chair momentum and speed may cause the player to go out of bounds. The player shall return to play in the approximate location in which they left the court.
- b. Post Play. An offensive or defensive player dislodging an opponent from an established position by pushing or backing in shall be a personal foul on the offending player.

11. Free Throw Lane Requirement. A maximum of six players (four players for the defensive team and two players for the offensive team) shall be permitted on the lane. All other players shall remain behind the free throw line extended and behind the three-point line.

- a. The two-lane spaces closest to the end line shall remain open.
- b. The first lane space on each side of the lane that is closer to the free-thrower is designated for the opponents of the free-thrower.
- c. Teammates of the free-thrower shall not occupy spaces designated for opponents of the free-thrower; opponents of the free-thrower shall not occupy spaces reserved for teammates of the free-thrower.
- d. Wheelchairs that cannot fit inside the second or third free throw lane space will not be allowed entrance on the free throw lane during free throws.

12. Bench Decorum

- a. Unsportsmanlike Conduct. Coaches, bench personnel, and players are held to the same standard and are not allowed to engage in any unsportsmanlike conduct as judged by the official. Repeated or prolonged violations of this behavior should result in a technical foul being assessed to the egregious party. More egregious conduct violations while inside or outside the coaching box, should be properly and consistently penalized with a technical foul without warning. Examples of egregious conduct include but are not limited to, the following:
 - i. Comments directed at or referring to any game official that questions the integrity of the official. (i.e. references to the number of fouls called against the team, suggest an official is cheating a team, etc.)
 - ii. Using profanity, taunting, or baiting another player or bench personnel. Pointing a finger or making obscene gestures or deregulatory remarks or personal comments during the game about race, ethnicity, religion, gender, etc.
 - iii. Prolonged, negative responses to a call/no-call which is disrespectful or unprofessional such as thrashing of arms in disgust, running and jumping in disbelief, removing a coat and throwing a coat, throwing objects or materials on the sideline, approaching or charging an official in an aggressive manner.
 - iv. Continued criticism during a game regarding the same or previous incident.

13. Coaching box. Failure to comply with the rule results in a distinctive advantage that is not within the spirit and intent of the rules. After the warning for the first violation, a technical foul should be assessed for any subsequent violation.

14. Assistant coaches and bench personnel. All bench personnel are required to be seated except the head coach while the ball is live except to react spontaneously to an outstanding play. Then they must immediately sit down. The official should warn the head coach of any violations and ask the

coach to take care of the situation. This is the official warning. Any future violations or blatant violations shall result in a Class B technical foul that is assessed to the head coach.

15. **Incidental and Intentional Personal Contact.** When ten players in wheelchairs are moving rapidly in a limited area, some contact is certain to occur. Contact, which is entirely incidental to an effort by opponents to reach a loose ball, or accidental contact, which may result when opponents are in equally favorable positions to perform normal defensive or offensive movements should not be considered illegal. Likewise, accidental contact which does not hinder the opponent from participating in normal defensive or offensive movements, and which is not the result of carelessness, should be considered incidental. If, however, a player approaches an opponent from behind or from an unfavorable position, such that he/she has no reasonable chance to play the ball without making contact, the responsibility is on the player in the unfavorable position.
- a. Intentional chair contact caused by a player to affect the progress or position of another player is a form of blocking, charging, holding, or pushing. Note: Players that jam an opponent intentionally with their foot plates to stop the movement of the opposing player is a foul. This commonly happens when the offensive team makes a shot, and then transitions into a full court defense, and the defensive players will jam their footplates into their opponents that are moving towards their front court.
16. **In Screening Situation**
- a. If offensive player takes a position behind and so close to stationary defensive player (beyond the visual field) that a contact foul occurs when the defensive player makes normal chair movement, the offensive player is responsible for the foul. If the offensive screener is at the side or in front of the stationary defensive player, any distance short of contact is legal.
 - b. If offensive player takes a position in the path of a moving defensive player, who does not have the ball, so quickly that the defensive player cannot stop or change direction in time to avoid contact, then the offensive player is responsible if a contact foul occurs.

YOUTH PLAY

Youth play is governed by all of the above rules with the following modifications:

1. **Players** – Only five players of a team are allowed on the floor during play. Players are not allowed to play zone defense. Defensive players may not engage in full-court press.
2. **Substitution** - Every player must play a minimum of one period in each half of the game. All players must play at least one complete, continuous eight-minute period per half. The coach has the option as to which of the three periods in each half to play all of their players. Players that are playing in the first period of the half cannot be substituted (except for injuries). Players that have completed a period may be substituted for in their second or third period of play in each half. The coach is responsible for making sure that all members of the team play. If for medical reasons a player, that is present, cannot play, the coach must notify the official, scorekeeper, and the opposing coach before the game.
3. **Defensive Point of Pickup** – There is no full-court press allowed at any time during the game.
4. **The initial point of pickup** is the outer edge of the center jump circle which is six feet beyond the half court line. After the initial point of pickup, the defense can extend and guard the offense until the half-court line. The initial point of pickup can start when the offensive player with the ball crosses the outer edge of the center jump circle extended. This rule applies during the entire game. This will allow the offense to cross the half court line uncontested but will allow the defense to pick up before the three- point line.
 - a. If a team goes up by 20 points, the point of pickup will become the top of the key extended

(also described as the three-point line extended).

5. Free Throws

- a. In venues where attachable goals are used all players, regardless of age, must shoot free throws from the foul line.
- b. In venues where the goals lower from 10 feet to 8 ½ feet, players aged 6-12 may shoot free throws from the hash marks located just inside the foul line. Players age 13- 14 must shoot from the foul line.
- c. For a shooter who shoots free throws from the hash marks, two offensive players and two defensive players may line the lane with the defensive players being closer to the basket. The third space from the basket must remain empty during a free throw so that no player is lining the lane even with or behind the shooter.

6. Foul Limit – There will now be a six foul limit per player.

ARTICLE III – EQUIPMENT

SECTION A – APPROVED EQUIPMENT

1. All adult players will use a standard men’s basketball (22 oz. 29.5” circumference).
2. All youth players will use a standard women’s NCAA basketball.

 - a. The maximum height from the floor to the top of the seat rail shall not exceed 21 inches. Measurements must be taken with the front castor(s) in the forward driving position and player may be asked to get out of the chair during the measurement.
 - b. Seat rail measurement. Some wheelchairs have a continuous seat/back rail that obscures the appropriate measurement point of the seat rail. Generally, the continuous rail has a horizontal portion that supports the seat fabric. A curved (upward) portion near the rear of the seat area, and a vertical portion that supports the back of the wheelchair. The measurement point for a continuous seat/back rail should be at the highest point of that portion of the rail with seat fabric attached; thus, the curved portion should not be measure unless there is seat fabric attached.
 - c. The part of the footrest or roll bar that projects forward the furthest and which would be the first point of contact with another wheelchair in head-on contact must be at a height of not more than five inches from the ground or court.
 - d. Use of a cushion is condoned, being of common understanding that it is specifically for therapeutic reasons. As such, it shall be composed of any therapeutic material and shall not exceed four inches at its highest point (thickness). Pneumatic cushions and contoured cushions are permissible providing they are commercially manufactured for therapeutic use and do not exceed thickness restrictions (above). Cushions composed of nontherapeutic materials, such as hard (non- pliable) rubber, wood, or other solid composition, shall not be acceptable. In all situations, the decision of the officials shall be final.
 - e. The footrest must have rounded or smooth corners. Door bumpers, knobs, projections of folding footrest, or other projections from the body of the footrest, which may readily become entangled in the wheels and/or spokes of another chair or used to hook and/or hold an opponent, shall not be allowed.
 - f. Any chair equipped with either a horizontal bar behind the backrest or push handles extending to the rear, must have these areas sufficiently padded to prevent injury to another player.

- g. When the chair is in the forward driving position the chair is permitted to have anti-tip casters attached to the underside or rear of the chair. The lowest point of the anti-tip caster cannot exceed one inch from the floor nor can any part of the anti-tip caster project from the chair rearward so that it would extend past any part of the rear wheels.
4. Mandatory uniforms shall be matching jerseys with factory type legal numbers only on front and back described in the Georgia High School Association Rule Book. Legal numbers consist of 0, 00 (0 and 00 cannot be used on same team) 1-5, 10-15, 20-25, 30-35, 40-45 and 50-55. It is legal for players to wear matching color or white t-shirts only under game jerseys.
- a. The basic body color determines matching jerseys. The logos, numbers, trim, etc. does not have to match if the basic color is the same. Penalty – Admin Tech per jersey

Tournament Directors, Officials, and GRPA State Athletic Committee members reserve the right to remove those from the contest who do not adhere to the standards set forth by the GRPA State Athletic Committee.
 - i. Managers, coaches, or team scorers who coach must be attired in staff shirts or jerseys that are identical in style and color with each other.
 - c. No other sports organization patches will be allowed on uniforms in GRPA tournaments.

 - d. Emblem/Logo/Picture Placement: GRPA waives the GHSA and NFHSA penalties for logos and clipart placement on basketball uniforms. No technical foul will be administered.
5. The Host Agency shall be responsible for supplying scrimmage vests in events where jerseys need to be opposite colors. A coin toss shall be conducted and the winner shall have the option of whether to wear the scrimmage vests or original jerseys.

SECTION B – PLAYING COURT REQUIREMENTS

1. The playing court shall be a rectangular surface free from obstructions and with minimum dimensions of 84 feet in length and 50 feet in width.
2. Basket height for youth play will be set at 8 ½ feet.

ARTICLE IV – GAMES AND AWARDS

The official shall inspect wheelchairs and prohibit their use if said chairs deviate to be unfair or unsafe to others. The official shall have in their possession a metal tape rule to determine all wheelchair measuring parts such as: seat rail, foot platform, bumpers, and cushions. The official shall inspect all wheelchairs prior to the starting of the game or prior to a player entering the game with a chair that was not inspected. A Class A technical foul will be called for illegal measurements discovered while in play, providing the officials correctly measure the chair before it was put in play. The officials shall disqualify offenders for any repeated infraction of this rule.
3. An equipment time out may be granted to the team in control of the ball or to any team during a dead ball. This shall be 45 seconds in length. A warning signal will be sounded 15 seconds before the expiration of the 45 second time limit to repair or replace a player's equipment or to replace the player or the player's wheelchair. The signal also shall be sounded at the end of 45 seconds.

SECTION C – SPECIAL PROVISIONS

There is no mandatory participation requirement for any GRPA sport.

***Clarification & Interpretation:**

- Clear instructions should be given to staff/teams about where and when the practices can occur. (The Main Warm-up period for all athletes in any event occurs before events begin while the "Track and Field are OPEN". There are areas outside of each competition site where athletes can practice their specific field event (exception - high jump) prior to competition. Once the track is closed, Track and Field Event warm-up is ceased.
- Individual field events have allowed practice while athletes were arriving.
- Once they all arrived everyone was given one more opportunity. After that, they officially began their competition for that specific age group.

1. Relay teams in district level competition who qualify for the State Meet should run in the State Meet except in case of injury.
 - a. Relay teams will be assigned lanes by random selection prior to the start of the meet.
 - b. International exchange zones in 4x100 relay. Can be used for other races as approved by the meet director.
 - c. Relay members must be on roster and in the same age group.
 - d. Names of relay entries must be submitted to the state host prior to the state entry deadline with the understanding they can be changed prior to their competition due to their illness or injury.
 - e. Two alternate runners can be listed for each relay and they are the only ones that can substitute in case of injury or sickness.

***Clarification & Interpretation - Athletes in District RELAYS should be the same athletes in State RELAYS, however if that athlete is not available their substitution can come from a rostered athletes in the same sex and age group – When all possible subs should be listed as alternates at time of entry. In case there are no alternates then the athlete can come from the same sex/same age**

group GRPA current rostered athlete.

- Once the meet has begun alternates listed are the ones that can be utilized. If the alternate/s are not available then a rostered athlete of the same sex in that age group can participate.
- If an athlete competes in an older age group relay, he/she can participate in their original lower age group for individual events.
- **Combined AGE group Relays are allowed for younger Athletes to compete in older relay and stay down for all Individual Field Events.**

2. If two or more competitors tie, they will draw lots for medals or other awards and privileges (unless other provisions have been made).
3. In the event of a tie at any height or distance in the finals of a field event, places shall be awarded as follows:
 - a. For places in jumping for height (high jump):

 - c. If the tie still remains, the competitor with the lowest total number of misses throughout the competition (up to and including the height last cleared, shall be awarded the higher place.
 - d. If a tie remains after the above, the competitor with the lowest total number of trials (whether successful or not) throughout the competition, up to and including the highest height cleared, shall be awarded the higher place.
 - e. If the tie remains after applying all of the above and:
 - i. If it concerns first place, the competitors tying shall have one more attempt for the height at which they failed, and if no decision is reached, the bar shall be lowered or raised by intervals of one inch in the high jump. Each competitor shall try once at each height until the winner is determined.
 - ii. If it concerns any place other than first, the competitors shall be awarded the same place in the competition and medals, ribbons, awards or privileges determined by lot as in ties for track events.
 - f. No misses shall be charged to a competitor for a pass height.
 - g. In all field events, each competitor will take alternative trials in successive order by entry list (i.e., no competitor will be allowed to take three successive trials).
 - h. A run by or run up is not a try if done within the time frame.
 - i. For places determined by distance (standing long jump, running long jump, softball throw and shot put):
 1. If the distance resulting from the best performances of competitors is identical, the higher place is awarded to the competitor whose second-best performance is better than the second-best performance of any other competitor tied for that particular place.
4. **Each competitor shall be allowed three trials in the finals of all field events, including high jump (three attempts per height).** All state level field events are finals. All field events shall be run in a manner as not to allow an individual to use all their tries in succession, unless they were at another event and all others have completed their tries. No harness or mechanical device attached to the hand or arm shall be used. Taping the wrist, palm or back of the hand is permissible. It is also permissible to tape only two fingers, provided they are adjoining and taped tightly together. However, there shall be no connecting tape device nor covering between the fingers and palm or back of the hand, or between the fingers and the wrist.
 - b. The put must be made from the circle. It is a foul if the competitor, after stepping into the circle, fails to pause before starting his put, or touches the circle, (not including the inner face of the stop board or the band if one is used) or the ground outside the circle, or the top of the stop board with any portion of his or her body or apparel before the put is marked. It is also a foul if the shot falls outside of the sector, or if the competitor, after having completed his or her put, does not leave the back half of the circle.
 - c. A foul put is not measured but is counted as a trial. Measurement is from the nearest edge of the first mark made by the shot to the point on the inside of the stop board nearest such a mark.
 - d. All participants will throw the same shot put. Each contestant is entitled **three recorded throws**.

- g. If the javelin after thrown first touches the ground outside of the designated side boundaries, the attempt shall be recorded as a scratch.
- h. Measurements will be taken from the edge of the throw line closest to the contestant. The mark will be placed where any portion of the javelin first touches the ground. The measurement will be made from the back portion of the throw line where the contestant made the throw, which means the measuring tape may be stretched diagonally to record the attempt if the attempt was not straight.

Tennis Association (USTA), with the exceptions as may be found in this Manual.

2. Per the “Return to Play Act of 2013”, effective January 1, 2014, all agencies are required to provide concussion education material to all youth participants and their parents. The verification of compliance to this law is affirmed by the signature of the agency director on the GRPA roster.
3. All head and assistant coaches that are coaching youth teams participating in all levels of GRPA Athletics must have undergone a criminal background check through their Department. By signing the teams GRPA roster, the Department Director or their designee attests that this has taken place.
4. Use of audio or visual recording devices, including a cell phone, is not permitted in changing areas, rest rooms, or locker rooms. The use of audio or visual recording devices is not allowed in resolution of protested matters.

SECTION B – EVENTS

1. Events in each age division for male and female are:
 - a. In all youth divisions: Singles, Doubles and Mixed Doubles
 - b. In all adult divisions: Singles and Doubles and Mixed Doubles
2. The Order of Events at the State Tournament shall be determined by the State Host, with approval of the State Athletic Committee’s Chair.

SECTION C – SPECIAL PROVISIONS

There is no mandatory participation requirement for any GRPA sport.

1. The best 2 out of 3 sets using the no-add system shall be used in all matches; the 7-point tie breaker will be used in each set.
2. The 10-point tiebreaker shall be used to decide the 3rd set.
3. In 8U, 10U and 12U the coach may be allowed to give instruction in change over only.
4. Adult Scoring
 - a. All Doubles matches will be two out of three sets; a 10 point match tie-break in lieu of a third set (**first to 10 win by 2 points.**)
 - b. For any set tied at 6 games all, play a 12 point set tie-break (first to 7 win by 2 points). The player/team that begins serving the tie-break must RECEIVE serve at the beginning of the next set.

The Coman Tiebreak Procedure - The Coman Tiebreak Procedure is the same as the present tiebreak (set or match), except that ends are changed after the first point, then after every four points (i.e., after the 5th, 9th, 13th, 17th points, etc.), and at the conclusion of the tiebreak. The scoring in the Coman Tiebreak Procedure is the same as a traditional set or match tiebreak, and the procedure for playing the Coman Tiebreak is the same as a set or match tiebreak. For example, if the Coman Tiebreak Procedure is used when the set score is 6-6, the player whose turn it is to serve shall serve the first point from the deuce court; after the first point, the players shall change ends and the following two points shall be served by the opponent(s) (in doubles, the player of the opposing team due to serve next), starting with the ad court; after this, each player/team shall serve alternately for two consecutive points (starting with the ad court), changing ends after every four points, until the end of the tiebreak game.

When will it be used?

GRPA will use the Coman Tiebreak Procedure at all GRPA Adult District and State

Championships for all set and match tie breaks. Use of the Coman Tiebreak Procedure is encouraged during local league play.

Principal Advantages

Fairness – By changing ends more frequently, the effects of the elements (sun, wind, etc.) are distributed more evenly between the two opponents as opposed to playing six consecutive points before changing ends.

In doubles, the server will always serve from the same end of the court, rather than having to serve from both ends.

Change sides on odd games unless both players/doubles teams agree to change only between sets.

 - ii. The vacant position must be listed last in the batting order.
 - iii. An out will be recorded when the vacant position in the batting order is scheduled to bat.
 - b. **To continue a game** once started with a full team listed on the line-up card:
 - i. If a team begins play with the required number of players as listed, that team may continue a game with one less player than is currently in the batting order whenever a player leaves the game for any reason other than ejection. (# of Players- see below)
 - ii. If playing shorthanded and a substitute arrives, the substitute must be inserted immediately into the vacant spot. If the substitute refuses to enter for any reason that player becomes ineligible for the remainder of the game.
 - iii. If the player leaving the game is a runner or batter, the runner or batter shall be declared out
 - iv. When the player who has left the game is scheduled to bat, an out shall be declared for each turn at bat. An inning or the game can end with an automatic out. The player who

has left the game cannot return to the line-up. EXCEPTION: A player who has left the game under the blood rule may return even after missing a turn at bat.

- v. **A player that has been ejected cannot reenter the game; if removed by the umpire due to an injury, the player cannot return without a doctor's release; a player cannot re- enter if a concussion is suspected.**

2. A team can start or continue with eight players, unless the ninth player was ejected for unsportsmanlike conduct; then it is a forfeit. An 8U coach pitch, 8U or 10U team with machine pitch can start or continue with nine players, unless the tenth player was ejected for unsportsmanlike conduct; then it is a forfeit. A substitute removed may re-enter as a **legal** substitute for an injured player only if all other players have played when the team is **reduced to less than 8 players** (less than 9 players for pitching machine division).
3. During the school year, youth cannot start a new game after 10:00 PM Monday through Thursday except under extenuating circumstances. (weather, unusual delays, etc.)

5. The choice of first or last at-bat (home –visitors designation) shall be determined immediately prior to a tournament game by a coin toss supervised by the Tournament Director or his/her representative, except championship game is(a) below.
 - a. In the Championship Game, the undefeated team will have the choice of home or visitor. In the “IF” game, home or visitor will be determined by coin toss.
6. A player is not required to sit out the next game for failure to report as a substitute, removal of a helmet after a warning, or carelessly slinging a bat after a warning. A slung bat will result in a team warning for the offending team on the first offense. Each additional slung bat for that team will result in the batter being called out. If the same player continues to violate the rule, he can be removed from the game.
EXCEPTION: unsportsmanlike conduct. A forfeited game (not played) does not count as a sit out game.
7. ANY OF THE PLAYERS may withdraw and reenter once provided such player occupies the same batting position when he is in the lineup. The pitcher is governed by the provisions of Rule 7, Article 2 below. A substitute who is withdrawn may reenter one time in same batting order.
8. Pitching regulations: **(for examples, see case book #'s 36-42 on pages 200-201)**
Maximum number of pitches for a tournament in ALL youth baseball will be as follows: 10U = 120; 12U = 120; 14U = 160; 17U = 160. All other pitching rules will still apply.
 - a. Baseball – Pitch Count. This rule is also in effect if two different levels of competition were ever played in successive days.

NOTE: In 10U Live, 12U, 14U, and 17U Divisions, the host or their designated staff of the district/state tournaments **are required** to interrupt the game once the pitcher has reached his pitch count limit for the day and/or the tournament.

10U Live and 12U Divisions: The maximum number of pitches that can be thrown in a game/day is 85 pitches. If a team plays multiple games in one day, the total pitches for the day per pitcher is 85 pitches. If a pitcher pitches less than 31 pitches in game one, they are eligible to pitch in game two but the pitch count will be a cumulative total for the day. If a pitcher throws 31 or more pitches in a game and is removed from the mound, they are not eligible to return to the mound in the same game or until their required rest period is observed.

A pitcher who throws 30 or less pitches in a day requires no rest period. A pitcher who throws

between 31-60 pitches in a day requires one (1) calendar day of rest. A pitcher who throws between 61-85 pitches in a day requires two (2) calendar days of rest.

14U and 17U Divisions: The maximum number of pitches that can be thrown in a game/day is 105 pitches. If a team plays multiple games in one day, the total pitches for the day per pitcher is 105 pitches. If a pitcher throws 41 or more pitches in a game and is removed from the mound, they are not eligible to return to the mound in the same game or until their required rest period is observed.

A pitcher who throws 40 or less pitches in a day requires NO rest period. A pitcher who throws between 41-70 pitches in a day requires one (1) calendar day of rest. A pitcher who throws between 71-105 pitches in a day requires two (2) calendar days of rest. If a pitcher pitches less than 41 pitches in game one, they are eligible to pitch in game two but the pitch count will be a cumulative total for the day.

- b. In all age groups, once a pitcher leaves the mound, he/she cannot return to the mound in that game, regardless of the number of pitches thrown.**
 - c. In case of a suspended or forfeited game, the pitching regulations will still apply. The intent of this rule is for the pitchers arm to be protected. All rest periods apply.
 - d. Pitches thrown count for the day the game started. A pitcher that starts a game on Wednesday and the game goes past midnight may continue to pitch in that game. If this happens, his pitch count is credited with pitches thrown on the day the game started
9. IF A PITCHER IS REPLACED while his team is on defense, the substitute pitcher shall pitch to the batter then at-bat, or any substitute for that-batter, until such batter is put out or reaches first base, or until a third out has been made. To insure that the requirements of this article be fulfilled the umpire will deny any coach defensive player conference which will violate it. EXCEPTION: If a pitcher is incapacitated or guilty of flagrant unsportsmanlike conduct, this rule is ignored.
- a. Any relief pitcher shall be allowed a minimum of ten warm-up pitches regardless of whether or not he becomes the pitcher during or at the beginning of an inning. After the initial ten warm-up pitches, he may also be allowed additional warm-up pitches until such time the umpire believes the player's arm has warmed sufficiently.
 - b. Balk rules shall be in effect for all divisions except the 10U Live/12U Traditional Baseball Division. (NOTE: the balk rules for GRPA divisions are the same as those for game played in accordance with rules adopted by the Georgia High School Association and pitchers should be made aware by team coaches or manager of these balk regulations.)
 - c. Any violation discovered prior to notification would result in the immediate removal of the pitcher from the mound. Any violation occurring after notification will result in the ejection of the player/pitcher and coach from the game. Any subsequent action that occurred while the ineligible pitcher was on the mound (after the legal limit has been reached) prior to the next pitch will be cancelled and reverted back to the finished batter.
 - d. A player who is in the game to pitch, but has no pitching eligibility remaining for that game, may be substituted for even if he/she has warmed up.
 - e. An intentional walked batter will be awarded first base and the pitcher will be charged 4 pitches with no pitches thrown or the balance of pitches to award base.
10. Charged Conferences
- a. Each team when on defense may be granted no more than three conferences during a game

without penalty, to permit a coach or his representatives to confer with a defensive player or players, including his pitcher. A request for time for an obviously incapacitated player shall not constitute a charged conference nor shall a conference be charged whenever the pitcher is removed as pitcher. In extra-inning games, a team on defense may have one conference per inning without penalty. **The penalty for using conferences in excess of times listed in (a) above shall be removal of pitcher from the pitching position for the balance of the game.**

- b. The umpire shall deny any subsequent defensive team's request for charged conference in 8U/10U baseball with machines.
 - c. Each team, when on offense, may be granted not more than one charged conference per inning to permit the coach or any of that team's members to confer with base runners and/or the batter.
11. In all divisions of GRPA boy's baseball, the curve ball is permitted.
 12. In all divisions of GPRA boy's baseball, double headers are permitted. NOTE: The State Athletic Committee recommends that tournament pairings and game time be considered when it is necessary for an agency host to schedule double-headers. No more than two games per day for a team will be allowed in live pitching tournaments, except for rain delays or extenuating circumstances. **No more than three games per day shall be permitted in pitching machine baseball (except for rain-delayed tournaments).** This decision will be made by the Tournament Director and approved by the State Athletic Committee.
 13. 10U and 12U Traditional Division's modified rule for stealing bases:
 - a. A modified form of base stealing shall be used in the 12U and both 10U Divisions.
 - b. A base runner is required to stay in contact with the base until the pitched ball has reached home plate. At this point in the flight of the pitched ball, the runner is permitted to advance at his own risk of being thrown out.
 - c. The runner is automatically called out for leaving the base before the pitched ball reaches home plate. The ball is dead and all subsequent action on the pitch is canceled. All runners must return to base held at time of pitch.
 - d. A walk is a live ball situation. Once the pitcher is in control of the ball and on the pitching mound, a runner must advance or return immediately to a base.
 14. Three strikes constitute an out, and a batter is not allowed to run if the catcher misses or drops the third strike in the 10U and 12U Traditional Division. Other runners may advance at their own risk of being thrown out.
 15. Headfirst slides are **not allowed** by players wearing a facemask. The penalty for a headfirst slide in all divisions of baseball shall be an out if a facemask is worn; C-Flaps can be worn without penalty. A dive back to a base on a pick off or base overrun is not considered a head first slide. Runners in rundown situation may not slide headfirst if wearing a facemask. Any runner is out when he/she does not slide or attempt to avoid the fielder who has the ball in the proximity of the base and is waiting to make a tag or if they maliciously run into a fielder (**give up, get down, go around**). NOTE: For any clarifications, see NFHS rules.
 16. In the **12U "Major" Division**, runners can play off the base and are allowed to steal at any point during live play including dropped third strikes.
 17. In the 10U Live and 12U Traditional Division, it is illegal for a batter to square to bunt and then draw back his bat and swing away at pitch (contact with ball not required), commonly known as Butcher Rule – Penalty: Out and all runners must return to base occupied at time of pitch. This RULE DOES NOT APPLY TO 12U MAJOR.

18. In the 12U Major, 14U, and 17U divisions, the batter/runner and the defensive player may use the colored or the white section of first base **ONLY** on the occasion of a dropped third strike. *See case book for double first base clarifications (#42, page 200-201).*

NOTE: If a player gets injured on the court, the player comes out of the game and they rotate one player in from bench. The player rotated in will lose their service position, but no points are lost. Once the injured player is replaced the team who has service keeps service.

Weight Clarification/Interpretation:

Players with striped helmets are eligible to play on kickoff and return team. They may also kick or punt and kick on kick-offs/field goal attempts. Please remember if this is not the scenario then the penalties outlined in the manual will still apply.

Striped players may recover a fumble or intercept the ball; however, they cannot advance the ball. Play is dead once recovery by a striped player occurs. If player attempts to run the ball, it will be spotted at point of intercept or recovery.

- a. All players whose names appear on the Official Roster must have met the weight requirement prior to the State Championship finals to be eligible to handle ball. **APPROVED RULING:** If one of the teams to play in a State Championship does not have a game within one week of the State Championship game, players shall be allowed to weigh for official purposes at the Official weigh in of the game in which the team’s opponent for the Championship games is determined, or on that same day by a State Athletic Committee Member not associated with the team agency.

The offensive team must verbally state their intention of punting before leaving their huddle. After a verbal declaration of punting, the clock will stop until the change of possession. There will be **no punts in the 8U division**, the ball will be marked 30 yards from the line of scrimmage or half the distance

from inside the 20-yard line by the referee. The ball cannot be spotted deeper than the 10- yard line. **10U division punts** will be a dead ball kick; all defensive players will take a knee during the kick except for one defensive punt receiver. The ball will be spotted where the receiver catches or controls the ball. All punts must be from long snapped formation. Delay of game can still be called even though punts are dead ball. In **12U division**, starts out as a dead ball and once the punter is in control of the snapped football the official blows the whistle and the play becomes live, the defense must have seven men on the line of scrimmage and two players whom cannot be no more than 5 yards off the line of scrimmage, this allows for two punt receivers for the punt return team.

The intent of the rule is to keep teams from developing a wedge prior to the ball becoming live, and to help aid in the realism of the punt return portion of the game. By rule, 12U division punts become live once the official whistles in that the punter has control of the snapped football, which at that moment makes the punt returnable or gives the opportunity for a blocked punt. **No fake punts will be allowed.**

7. All coaches are required to stay within the boundaries of the coaching box with noted exceptions in the 8U division – one coach is allowed in the huddle of the offensive and defensive team. No coaches will be allowed on the field in the 9U, 10U and 12U Traditional and Unlimited divisions. The coaches' box extends from the 25-yard line to the 25-yard line. There is a limit of 5 coaches on the sideline and all 5 should have the same color shirt on.
8. The time allowed to snap the ball after it has been declared ready for play is 30 seconds. **In the 8U division, the football may be placed parallel to the line of scrimmage to assist in snapping the ball.**
9. **OVERTIME in the 8U division ONLY:** If a game ends in a tie, the 10-yard line overtime procedure will be used with the ball being placed on the 10-yard line with each team getting a series. 1st and 2nd Overtime will use 10 yard procedure and 3rd overtime the ball will be placed on the 3 yard line, each team will be given ONE play to score (no extra point attempts in 3rd OT or any successive OT periods).
10. **OVERTIME in the 10U and 12U divisions:** If a game ends in a tie, the 10-yard line overtime procedure will be used with the ball being placed on the 10-yard line with each team getting a series. 1st and 2nd Overtime will use 10 yard procedure and 3rd overtime or any successive OT periods, each team must attempt a two point conversion (kick).

Ball would be placed and

snapped on the regulation 3 yard line on a 100 yard field. On an 80 yard field, a snap would be from 13 yards off the face of the goal/uprights. Field Goal attempts have the same rule except team awarded 3 points.

There is a limit of 5 coaches on the sideline and all 5 should have the same color shirt on.
4. In the 7U and 8U divisions, a defensive player is not allowed to line up over the center. As a result of this rule, there will be no quarterback sneaks. The QB must be led by a running back if running up the middle. The QB may run outside the guards and there are no direct snaps to anyone other than the quarterback. The penalty for this infraction is the same as illegal formation.
5. 7U-10U divisions: Defensive linemen must be in a 3 or 4 point stance – any player tackle to tackle is considered a lineman on the line-of-scrimmage. 1. Per the “Return to Play Act of 2013”, effective January 1, 2014, all agencies are required to provide concussion education material to all youth participants and their parents. The verification of compliance to this law is affirmed by the signature of the agency director on the GRPA roster.
2. All head and assistant coaches that are coaching youth teams participating in all levels of GRPA Athletics must have undergone a criminal background check through their Department. By signing the teams GRPA roster, the Department Director or their designee attests that this has taken place.
3. Use of audio or visual recording devices, including a cell phone, is not permitted in changing areas, rest rooms, or locker rooms. The use of audio or visual recording devices is not allowed in resolution of protested matters.

SECTION B – LENGTH OF GAMES

1. REGULATION GAMES

- a. Regulation games last five (5) innings.
 - i. In the event of a tie score at the end of the game, the game shall be marked as a tie.
 - ii. If the home team already leads the game when the bottom of the final inning is reached, that team wins the game instantly and the game is over.
 - iii. If the home team takes the lead during the bottom of the final inning, that team wins instantly, and the game is over
2. A game that is called off by the referee after three (3) full innings of play shall be considered a regulation game. The game score at the end of the last full inning shall determine the winner. Regulation games called off that end in a tie shall be marked as a tie.
3. A game that is called off by the referee for any reason before three (3) full innings of play shall not be considered a regulation game and a new game may be rescheduled

SECTION C - SPECIAL PROVISIONS

1. Games are played with 11 fielders, 5 innings, 2 base coaches.
2. Balls must be pitched by hand. There are no restrictions on pitching style.
3. BASE COACHES – Two members of the team at kick may coach first and third base, switching as needed with other team members to remain in the proper written kicking order.
4. INJURY AND SUBSTITUTIONS
 - a. In cases of injury or illness, a timeout may be requested for participant removal and replacement with a teammate as a substitute. If the participant later returns to play, the participant must be inserted in the same written kicking order position previously held.
 - b. If a player is ejected, injured, becomes ill and cannot continue, or leaves the game for any reason, the written kicking order will continue in the same formation, less the removed player. A player removed from the kicking order for ejection, injury, illness, or any reason does not constitute an improper kicking order and there is no “automatic out” when the removed player’s spot in the order is reached.
 - c. Any player removed from the game for injury or illness must be noted on both team written kicking orders and mentioned to the head referee.
 - d. The pitcher and the catcher positions may only be replaced once per inning each, unless injury forces another substitution.
 - e. Only runners who are injured while traveling to a base, and who successfully make it to a base, may be substituted. There are no other allowable runner substitutions. A runner may be substituted no more than twice during the game. Upon the second substitution, the player will be removed from the game and no longer be allowed to participate.

ARTICLE III – EQUIPMENT

SECTION A - APPROVED EQUIPMENT

The official kickball is the red WAKA Logo Kickball, measuring 10 inches in diameter when properly inflated to a pressure of 1.5 pounds per square inch.

SECTION B – UNIFORM REQUIREMENTS

1. While participating, players must properly wear the official athletic clothing designated for their use.
2. Athletic shoes are required. Metal cleats are not allowed.

3. Players may wear protective equipment providing it does not offer the wearer an unfair performance advantage. Any equipment deemed by the head referee as a performance enhancement must be removed or the player will be removed from play.
4. All player attire is an extension of the player.
5. Team uniform will consist of matching or like colored jerseys with a factory-type non-duplicating number on the back at least six (6) inches in height. It is strongly recommended that all team personnel be attired alike. The basic body color determines matching jerseys. The logos, numbers, trim, etc. does not have to match if the basic color is the same. No other youth sports organization patches will be allowed on uniforms in GRPA tournaments. Penalty – Illegal Equipment.
 - a. Approved uniform: (1) plain shirts with numbers, (2) agency name or agency abbreviation, or (3) agency logo with department/school mascot name. (*EFFECTIVE January 2025*)
6. Coaches and non-player personnel must be attired in a manner that puts GRPA and its member agencies in a positive light. Tournament Directors, Officials, and GRPA State Athletic Committee members reserve the right to remove those from the contest who do not adhere to the standards set forth by the GRPA State Athletic Committee.
 - a. Managers, coaches, or team scorers who coach the bases must be attired in staff shirts or jerseys that are identical in style and color with each other.

SECTION C – PLAYING FIELD REQUIREMENTS

1. The field shall be established on any safe terrain suitable for play in accordance with the following provisions which equal the dimensions of a softball field (see Diagram 2):
 - a. The kickball diamond is a square with equal sides of 60 feet or about 20 paces with a base at each corner.
 - b. The distance from home plate to second base and from first base to third base is 84 feet 10 1/4 inches or about 28 paces. The distance between any base and home plate shall be measured from the back corner of each.
 - c. The pitching strip is in the center of the diamond, 42 feet 5 1/8 inches or about 14 paces from home plate, and directly aligned with the 1st•3rd base diagonal.
 - d. The pitching mound extends 12 feet from the center of the pitching strip.
 - e. The sidelines are lines 10 feet on the outside of and parallel to the foul lines, the area between the foul lines and the sidelines is the sideline area.
 - f. When available, cones are placed:
 - i. at the outside corner of first, second, and third base, and not touching the base
 - ii. on the foul lines 30 feet or about 10 paces behind first and third base
 - iii. on the sidelines 10' from home plate.
 - g. The kicking box is a rectangle with the front of the box aligned with the front of home plate and the back of the box aligned with the sideline cones behind home plate. Lines extending forward from the sideline cones perpendicular to the front of home plate make up the sides of the kicking box. The area directly forward the kicking box is fair territory (see Diagram 2). The kicker is not required to start in the kicking box, however the kick must occur within the kicking box.
 - h. Foul lines are fair territory.

2. The strike zone is a three-dimensional irregular pentagon based on the shape of home plate and is one foot in height. The front of the zone aligns with the front of home plate. The sides of the zone extend one foot to either side of the plate. The back edges of the zone are one foot from the back sides of the plate (see Diagram 4). The strike zone may not be marked by cones or other raised objects.
3. All participants must respect and obey all rules and regulations pertaining to the field used for games.
4. Any player or referee wholly or partly in fair territory is an extension of fair territory. Any live base runner outside the kicking box is fair, even when wholly in foul territory. A player jumping from fair territory is in fair territory while in the air. A player in foul territory does not extend foul territory by jumping or reaching into fair territory.
5. Upon notification to the head referee of any improper field set up, the field layout shall be corrected before the beginning of the next play. Protest based on field set up will not be considered.
6. Optional extra base: When available, an additional base may be set up adjacent to first base to provide more room for the runner (see Diagram 5).
 - a. The Extra Base is only available for runners traveling from home plate.
 - b. Fielders trying to make an out on first base must touch the base in fair territory (the first base). Runners hindered by a fielder touching the base in foul territory (the extra base), will be safe.
 - c. When a play is attempted at first base, a runner who touches the first base prior to being called safe at the extra base shall be called out, except under the exception (see 6f and 6g below).
 - d. Once a runner has reached first base safely, the runner must start the next play on the first base. Any runner standing on or touching the extra base at the beginning of the next play will be out;
 - e. No additional base may be used at any other base.
 - f. The runner is permitted to use the first base if avoiding collision with a fielder in foul territory. In this event, the fielder in foul territory is permitted to tag the extra base.
 - g. The runner may use first base if attempting to advance to second base, or if there is no fielder on first base. A runner using or touching first base in any other circumstance is out.
7. Sideline area: Prior to the kick, no participants (or spectators) may be in the sideline area (see Diagram 2) except for the kicker, referees and designated base coaches. After the kick, fielders and base runners in the process of playing the game may also occupy the sideline area.
 - a. The first infraction of this rule will result in a warning to the team that caused the infraction
 - b. The second and each subsequent infraction will result in an out for the next kicker in the written kicking order on the team that caused the infraction.

ARTICLE IV – TOURNAMENT AND AWARDS

SECTION A – DISTRICT AND STATE

Host must provide tournament balls. Teams can use their own WAKA ball pending tournament host approval.

ARTICLE V – OFFICIALS

SECTION A – OFFICIALS

1. Games must be officiated by at least one authorized official, the Head Referee. When available, at least two officials referee each game: a Head Referee, and a First Base Referee. The Head Referee governs all game play and issues all final rulings, and has final authority on equipment issues. Other Referees may assist these officials when available.
2. Prior to each game, the Head Referee must conduct a meeting with the Captains of each team, to address any ground rules in effect, to ensure the exchange of team lineups, and to identify the designated Captains who will be authorized to discuss calls with the Referees during the game.
3. Referees have jurisdiction over play and may:
 - a. Call a time out.
 - b. Call off a game due to darkness, rain or other cause at the Referee's discretion.
 - c. Penalize a player, including game ejection, for any reason. This includes but is not limited to unsportsmanlike conduct, fighting, delay of game and excessive verbal abuse. Ejected participants must leave the field area and may not return to the game.
4. Referees have jurisdiction over play and must:
 - a. Cancel the game if lightning is seen, or delay it until safe to continue.
 - b. Keep a record of the final game score.
5. Referees may make rulings on any points not specifically covered in the rules (at the time of occurrence), but the ruling shall not be deemed as a precedent for future rulings.

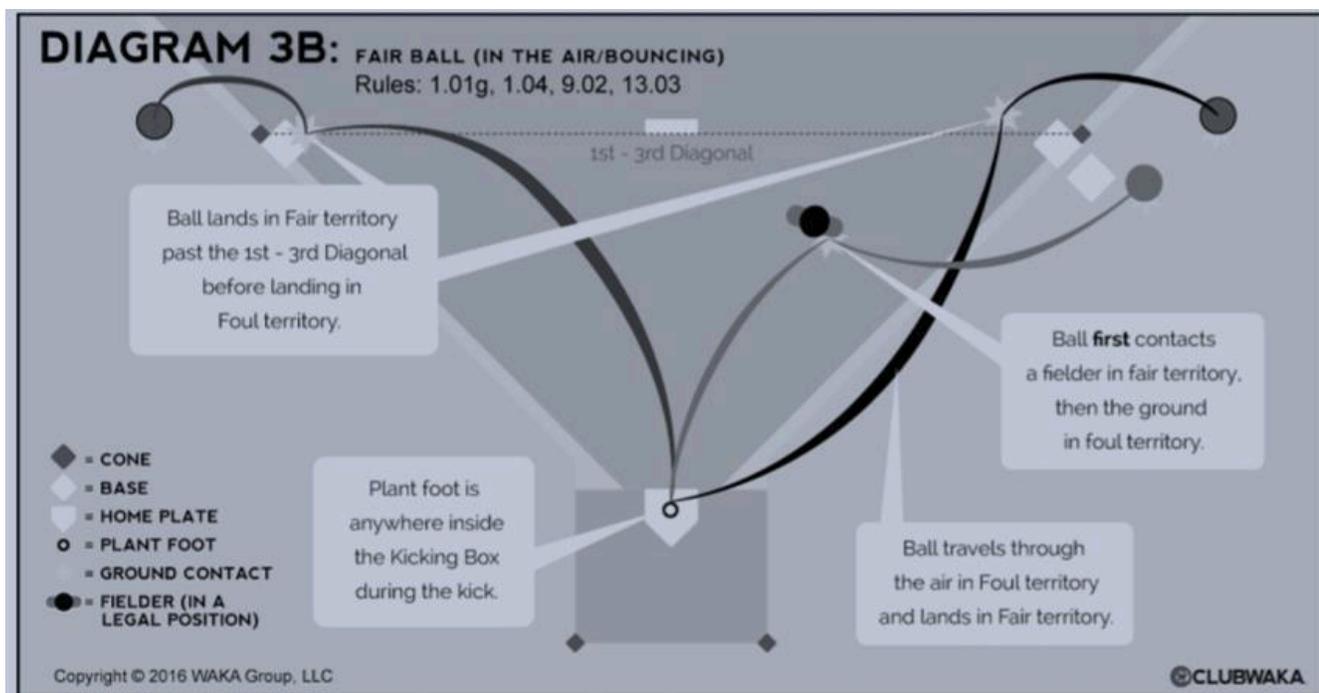

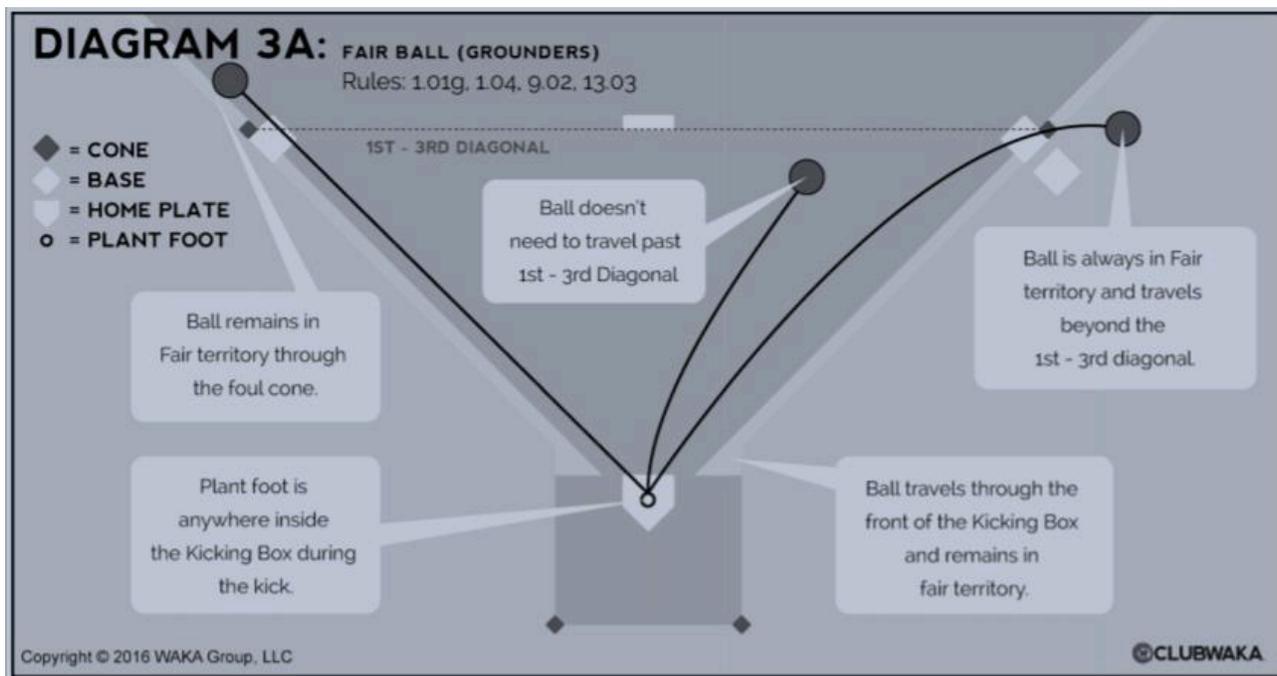

SECTION B - COMPETITORS AND ATTENDANTS

1. PARTICIPANTS

- a. All participating players must appear on written lineups, reflecting that game's kicking order, to be exchanged between the captains of each team before play begins.
- b. A claim of improper kicking order must be made to the Head Referee who will make the final determination. Such a claim must contain two parts:
 - i. That the written kicking order was exchanged in accordance with Rule 4.01.
 - ii. That the claim is made on the field no sooner than the first pitch thrown to the accused "wrong" kicker, and no later than the first pitch thrown to the subsequent kicker. The burden of proof rests with the accused team. Any resulting play is nullified by a finding of improper kicking order, with an out recorded for the "wrong" kicker (see Rule 14.02i). A player removed from the kicking order for ejection, injury, illness, or any reason (per Rule 16.02) does not constitute an improper kicking order.

2. TEAMS

- a. Each game shall have two (2) participating teams: the Away team, which kicks first each inning, and the Home team, which kicks last each inning.
- b. While fielding, each team must field at least eight (8) and no more than eleven (11) players, which must include one pitcher and one catcher at any time during the game.
- c. For a given game, each team shall have one Captain and one Co-Captain (collectively "the Captains") who are jointly responsible for the team. The Captains may discuss calls with the Head Referee, but must accept the Head Referee's final ruling. Other players besides the Captains that dispute calls with the Referees are subject to ejection from the game.

ARTICLE III – EQUIPMENT

SECTION A – APPROVED EQUIPMENT

1. The use of protective headgear of a type required for scholastic wrestling is authorized and recommended in Junior, Cadet, and UWW Cadet competition.
2. Headgear is allowed in Masters, Senior, U23, University and UWW Junior competition, but must be removed at the request of the opponent unless it is worn for a certified medical reason.
3. Headgear is mandatory for all Schoolboys/girl and younger in all USAW Regional and National Championships.
4. In any division, a face mask is allowed only to protect an existing injury, or an injury occurring during the bout, and must be prescribed by a medical doctor or the event’s chief medical officer.

SECTION B – UNIFORM REQUIREMENTS

1. Wrestlers must weigh-in wearing the singlet they will use for competition.
2. SINGLET
 - a. The singlet must be colored predominantly a clearly distinguishable shade of red or blue (other colors may be mixed with red or blue, but the singlet must still be clearly red or blue).
 - b. For males, either a high cut or low cut singlet is allowed.
 - c. Women wrestlers must wear a properly fitting sports bra underneath their singlets.
 - d. For Cadet and Junior Division National Championships (“Fargo”), athletes must wear their state approved singlet.
 - e. Only for the USAW Senior Team Trials shall athletes be required to wear the “high cut” singlet (predominantly red or blue) as stipulated by UWW.
 - f. The use of a two-piece singlet/uniform is not allowed at any Freestyle or Greco-Roman USAW Regional or National Championship.
 - g. Folkstyle wrestlers are allowed to wear a two-piece singlet/uniform provided the following conditions are met: shorts must be either compression or board shorts and tops must be a tight- fitting sleeveless, short, or long sleeve shirt (shorts shall not be excessively baggy or have pockets, buttons, or snaps).
 - h. For any regional, national, or international competitions held in the United States, women competitors in all age divisions must wear a women’s cut singlet.
 - i. Wrestlers must wear shoes designed specifically for wrestling, with firm ankle support. Furthermore, competitors are required to tape their shoe laces down (wrestlers must provide their own tape) or wear a wrestling shoe fixed with an apparatus that prevents unfastening of the laces.
3. All wrestlers are prohibited to:
 - a. Wear bandages on wrists, arms or ankles except in the case of injury and on doctor’s orders. These bandages must be covered with elastic straps. Hard (knee) braces must be covered with a

minimum of ½ inch closed cell neoprene padding. The chief medical officer or head athletic trainer (or if unavailable, the head wrestling official), prior to competition, has final approval for any accessory taping or protective equipment.

- b. Wearing any tape on only one finger. Tape can be worn to provide support to two or more fingers. Again, the chief medical officer or head athletic trainer has final approval of any accessory taping worn by the athlete.
 - c. Apply any greasy or sticky substance to the body.
 - d. Arrive at the mat perspiring for the beginning of the first or second periods of a match. It is the responsibility of the coach and the wrestler to report dry and “toweled down”. Referees may not mandate that wrestlers “dry off” during the middle of a period.
4. It is forbidden to wear earrings, barrettes, bracelets, rings, or any metal or rigid object, as well as men’s wrestling singlet with a T-shirt underneath. Female wrestlers are prohibited from wearing underwire bras.
- a. The wrestlers must come to the mat fully dressed and prepared to wrestle. If the athletes do not come to the match prepared, they are allowed one minute to conform to the rules, otherwise risking disqualification from the match. Under no circumstances are the athletes allowed to change their singlet mat side—this must be done in a private area at the arena.
5. Coaches and non-player personnel must be attired in a manner that puts GRPA and its member agencies in a positive light. Tournament Directors, Officials, and GRPA State Athletic Committee members reserve the right to remove those from the contest who do not adhere to the standards set forth by the GRPA State Athletic Committee.

Managers, coaches, or team scorers who coach must be attired in staff shirts or jerseys that are identical in style and color with each other.

SECTION C – AREA REQUIREMENTS

1. The Mat:
 - a. The official international mat consists of four distinct areas:
 1. The Starting area, which is a one-meter circle in the very center of the mat.
 2. The Passivity zone, which is a one-meter band around the perimeter of the Center area. The passivity zone may be marked by taping a line of dashes inside the out-of-bounds line.
 3. The Protection area, which should extend a minimum of 1.5 meters beyond the Passivity zone. Adequate protection around all mats should be in place and clearly marked. Each pair of wrestlers is entitled to a wrestling area devoid of obstructions, including other wrestlers, coaches and observers, etc.
 - a. The inner 10-foot folkstyle circle has no meaning internationally, and when standing, the contestants start in the middle, facing each other about a meter apart. It is not mandatory that the athletes begin the match or subsequent restarts on any “starting” lines.
 - b. One corner of the mat should be marked in red and the other in blue, so the wrestlers and the coaches know where to report. This can be done with colored chairs, with colored plywood under the chairs, or simply with red and blue signs. The red corner should be on the referee’s left as he faces the judge’s table.

- c. UWW approved mats are not required for domestic competition.
- d. For local and state level competitions for the age groups Schoolboy/Schoolgirl and lower, mats less than full size but not less than a quarter of a full sized (standard) mat may be used when necessary.
- e. On mats where a line is used to indicate the out-of-bounds, the outermost edge of that line is considered as the true out-of-bounds. For purposes of this rule, the line itself is still considered part of the wrestling area.
- f. The area around the mats should be large enough to accommodate a table for the mat chairman and volunteer clock controllers, a table for the judge, one or two score clocks, and any necessary video equipment used.

ARTICLE IV – MEETS AND AWARDS
